

Dear Sir or Ma'am,

You may have noticed law abiding citizens in your community open carrying firearms. This legal activity becoming more popular in the State of Michigan. Any 18-yr old or older, law-abiding citizen of the State of Michigan who owns a legally registered handgun may openly carry (in a fully visible holster) said firearm in all places not explicitly exempt by law with or without a CPL. Private property rules over-ride state law in regards to firearm possession.

The Objectives of Michigan Open Carry Inc. are:

- To educate and desensitize the public and members of the law enforcement community about the legality of the open carry of a handgun in public.
- To exercise a natural right to self defense using the most efficient and common tool, a handgun.
- To demonstrate to the public at large that gun owners are one of the most lawful segments of society and they have nothing to fear from the lawful carry of a firearm.
- To protect our right to self-defense.

Please visit our website at [www.miopencarry.org](http://www.miopencarry.org) to learn more about the legal right to openly carry a firearm in the great State of Michigan. Please be sure to know and understand state law before possessing, transporting, or using a firearm.

On behalf of your fellow law-abiding citizens,

*Michigan Open Carry Inc.*
