Dear Neighbor,

You may have noticed law abiding citizens in your community openly carrying firearms. This legal activity is becoming more popular in the State of Michigan.

Law-abiding citizens, over the age of 18, may openly carry (in a fully visible holster) their legally registered firearm in all places not explicitly exempt by law. They may do so with or without a Concealed Pistol License.

Michigan Open Carry is a non-profit organization dedicated to the education and protection of the Open Carry Rights for all law-abiding citizens.

Please visit our website at www.miopencarry.org to learn more about the legal right to openly carry a firearm in the great State of Michigan.

Sincerely,

Michigan Open Carry Inc.
